

"2008 Intergroup Inventory"

As part of the process of serving Al-Anon Family Groups of Central Ohio the Intergroup constantly seeks ways to improve services to the local community. The most effective way was to complete an inventory on opportunities for improving the three primary points of contact of Al-Anon of Central Ohio with current members, potential members, and community professionals. As such in January of 2008, the Officers and Coordinators of Intergroup asked all 35 attending members to answer three questions:

1. What positive suggestion to improve Intergroup?
2. What positive suggestions do you have to improve the Al-Anon Information Service and the Literature Distribution Center?
3. What positive suggestions do you have to improve AFG Public Outreach?

In May, after compiling the list - and missing the March meeting because of the snow storm - members of Intergroup were asked to pick two suggestions from each category. Below you will find the results of their feedback. These suggestions will be reviewed by the Officers and Coordinators and, where possible and appropriate, acted upon. If you have any additional questions or suggestions please consider attending the July 2008 Intergroup Meeting. Participation is the key to harmony.

Thank you for the opportunity to serve.
Sean K.
Chairman, Intergroup"
